MEMORANDUM FOR THE RECORD

STAT

I met this morning with the following: Thomas Martin from the Department of Justice; William Bailey and Andrew Duffin from the Federal Bureau of Investigation; Alfred Goldberg of the Office of the Secretary of Defense; [redacted] of the CIA Office of Security; and Jeanne Davis from the National Security Council. The Department of State was not able to send a representative. We discussed the two drafts submitted for handling HSC and SSC records, the CIA draft for Archives and a DoD draft for NSA storage. Ms. Davis submitted a concept paper proposing that the NSC assume responsibility for the documents with storage at the Federal Records Center in Suitland, Maryland or in the CIA facility [redacted]

STAT

As the subject was discussed, it developed that Ms. Davis' primary concern was separate handling for NSC and 40 Committee papers. It was agreed that Ms. Davis would submit a draft of the NSC preference, possibly being a modification to either the Archives or NSA storage. It was agreed that it was the sense of the meeting that NSA storage was preferable to Archives storage. It was recognized that this might not be satisfactory to either of the Select Committees.

Upon receipt of Ms. Davis' draft, a paper will be coordinated by LDX and telephone for submission to the ICG by [redacted]
